

You are living in the  
greenest city of India.

Delhi has the highest green cover  
in the country.

**Who developed  
these greens?**

**For details turn to page**

Gives us great  
delight to contribute  
in making  
Delhi green &  
bright and helping  
to keep air fresh  
for Delhiites.

Four regional parks, 25 city forests, 111 district parks, 255 neighbourhood parks, 14 sports complexes, 26 play areas and landmark greens such as Swarn Jayanti Park, Aastha Kunj, Indraprastha Park etc. make it a total of 4587 hectares of myriad greens developed by DDA for Delhi. A 19 percent green cover made possible with unswerving devotion to providing Delhi a healthier environ and indeed a healthier lifestyle. Take a deep breath, **you are living in the greenest city of the country.**

**Delhi Development Authority**  
*Laying foundation for a better tomorrow*
