CIRCULAR NO. 175

It is the responsibility of each officer to ensure that there is no cause for complaint that contractors working in D.D.A. and particularly under their jurisdiction are near relatives of the officers and that they are being give undue benefits. In this connection, attention is drawn to clause 40 of the agreement, which clearly provides that "no contractor will tender for works in zones in which his near relative is working in any capacity between the grades of Chief Engineer and Assistant Engineer and Divisional Accountant. The contractors are also required to intimate the name of the persons (working with them), who are near relative of any gazetted officer of DDA or Ministry of Urban Development". This provision has been made in the agreements and instructions had been issued vide CE's letter No.CE1(27)82/C dt.8.9.83.

All officers are requested to ensure that they intimate the name of their relatives, who are working as contractors in DDA. They should also intimate immediately when their near relative starts working as contractor in DDA. Whenever there is any change in posting of any officer he should immediately bring to the notice of CE/EM the names of near relatives, who are working in his new jurisdiction as a contractor.

It would be a healthy practice to ensure that no officer allows any close relative of his to have any business transaction or contract within the jurisdiction of the officer concerned.
