

STANDING INSTRUCTION NO:306

The instructions were issued vide this office circular No.269 issued under reference No.EM(10)83/20544 dt.28.11.89 that atleast 25% of the tests of the materials be got done by the Executive Engineers in the outside govt. laboratories like Quality Control Laboratories of DDA CPWD laboratories, National Test House, NPL etc. in addition of getting the materials tested in the laboratories set up by the Zones.

It has been brought to the notice of the undersigned that these instructions are not strictly being followed by the field units/offices.

It has been further noticed that the samples of fine aggregates like course sand etc. are very rarely sent by the field units to the above laboratories for testing. As per the above requirements 25% of such samples must be got tested by the field units from the laboratories other than field/Zonal laboratories.

It is once again emphasised that the above instructions must be followed very strictly failing which action shall be taken against the defaulting officers/officials.

Director(Works)
D.D.A.
