

DELHI DEVELOPMENT AUTHORITY

NO:EM1(10)83/ 6388

Dated:- 19-4-94

CIRCULAR No. 422

SUB: Supply of Potable water in labour camps.

During the past in the monsoon season, some cases of water borne diseases in the labour camps set up by the DDA executing agencies/contractors had come to the notice. Last year, situation worsened to such an extent that there were even some deaths in some of the labour camps on this account.

To avoid recurrence of such incidents, it is enjoined upon all concerned to ensure that:-

1. Only potable water is supplied by the executing agencies in the labour camps.
2. Regular samples of water are drawn by the site staff from the source of water supply in the labour camps and sent to MCD Lab for testing.
3. Wherever drinking water is supplied to the labour camps through tankers, samples are drawn from the tankers and sent for testing.
4. In the water storage tanks, chlorine tablets are added from time to time as per the specified requirement, so that the potability of water remains intact.

Any laxity in compliance of the above instructions shall be viewed very seriously and shall invite disciplinary action.
