Office Order

Subject: - No Objection Certificate of Water cell for Conversion and Mutation cases.

In various newly constructed housing pockets/flats, DDA has been supplying water. However, some allottees do not pay the water bills and dispose of their flats and in turn the subsequent buyer has to pay the bill. In such type of scenario, various occupants raise their concern for the dues which are of no relevance to them. To avoid such situations, it has been decided by the Competent Authority that NOC of water cell of the concerned engineer wing is to be obtained from allottees/applicants while the processing of the Mutation/Conversion cases by the branches.
