पाइपलाइन लीक होने से जर्जर हो रहे फ्लैट

अनदेखी

नई दिल्ली, वरिष्ठ संवाददाता। दिल्ली विकास प्राधिकरण (डीडीए) की पहले आओ पहले पाओ आवासीय योजना के तहत रोहिणी सेक्टर-34 और 35 में निकाले गए फ्लैटों में कई तरह की समस्याएं सामने आ रही हैं। रोहिणी सेक्टर-34 के पॉकेट-1 के फ्लैटों के पीछे कई जगहों पर कूड़ा फैला हुआ है तो कई जगहों पर पानी जमा है। इस कारण वहां मच्छर जनित बीमारियां फैलने की भी आशंका है।

वहीं, रोहिणी सेक्टर-35 स्थित पॉकेट-5 की इमारत के पाइप में लीकेज है।स्थानीय लोगों का कहना है कि पाइप हालत बेहद खराब हो गई है, जिसके कारण इमारत की दीवार पर असर पड़ रहा है। जगह-जगह से इमारत में सीलन आ गई है। वहीं, रोहिणी सेक्टर-35 के पॉकेट-5 के गेट नंबर-1 के सामने की सड़क बुरी तरह से टूटी हुई है। यहां कभी भी वाहन हादसे की चपेट में आ सकते हैं। रोहिणी के सेक्टर-34 और 35 स्थित डीडीए के पलेटों में रहने वाले लोगों का कहना है कि इन पलेटों का ठीक से रखरखाल नहीं किया जा रहा है। वहीं, डीडीए के अधिकारी ने कहा कि सभी मामलों पर जांच करने के बाद समस्या को दूर किया जाएगा।

पलैट देखने कम लोग आ रहे : रोहिणी सेक्टर-34 और 35 के पॅकिटों में फिलहाल वे लोग रह रहे हैं, जिन्होंने 2014 की स्कीम में फ्लैट खरीदे थे। हालांकि, बुर्किंग करा चुके कई लोग जब फ्लैट देखने पहुंचे थे तो उन्होंने फ्लैटों को सरेंडर कर दियां था।

नई दिल्ली स्थित रोहिणी में पाइपलाइन लीक होने से डीडीए के फ्लैट जर्जर हो चुके हैं। जगह–जगह इमारत में सीलन आने से लोग परेशान है। • ढिन्दुस्तान अनाधिकृत कॉलोनियों के लिए ऑनलाइन एजेंसी

डीडीए ने प्रधानमंत्री-उदय स्कीम के तहत दिल्ली की 1731 अनाधिकृत कॉलोनियों में संपतियां, प्लॉटों के जियो. कॉर्डिनेट्स और की-प्लान तैयार करने को विभिन्न एजेसियों को सूचीबद्ध किया है। इससे जुड़ी सूचना https://dda.gov.in/ से ले सकते हैं।

## डीडीए स्पोर्ट्स कॉम्प्लेक्स में विज्ञापन लगवाएगा

नई दिल्ली। दिल्ली विकास प्राधिकरण (डीडीए) ने राजधानी में मौजूद अपने 15 स्पोर्ट्स कॉम्प्लेक्स के जरिए राजस्व बढ़ाने की योजना बनाई है। योजना के तहत स्पोर्ट्स कॉम्प्लेक्स की खाली जगहों को विज्ञापनदाताओं को दिया जाएगा। डीडीए के वरिष्ट अधिकारी ने बताया कि पहली बार डीडीए ने योजना तैयार की है कि स्पोर्ट्स कॉम्प्लेक्स में खाली पड़ी जगहों से प्रायोजकों को जोडा जाए। इससे राजस्व भी बढ़ेगा।

## Road clean-up for G20 on track

#### Paras Singh paras@hindustantimes.com

NEW DELHI: In the run-up to the G20 Summit and related meetings to be held in the Capital in September, civic agencies in charge of roads are sprucing up 66 arterial roads and stretches across key parts of the city, officials aware of the matter said.

Officials said some of the work undertaken includes the complete re-carpeting of avenue roads, installation of designer fountains with sculptures and flower pots, and footpath refurbishment. Of the 66 designated roads, 23 each fall under the ambit of the New Delhi Municipal Council (NDMC) and the Public Works Department (PWD), seven under the National Highways Authority of India (NHAI); and the rest are managed by agencies including the Delhi Development Authority (DDA) and those of other states.

A senior MCD official said the agency has been directed to focus on the upkeep of the 23 roads, the ownership of which lies with MCD and which are managed by PWD.

"PWD is carrying out repair work while we have accelerated efforts to enhance the appearance around these roads. We will double the frequency of mechanical road cleaning of these areas while separate zonal teams have been earmarked for encroachment removal, cleaning banners/posters, greening, and beautification work," the official cited above said. MCD also plans to add 100,000 flower pots along these routes to display ornamental plants.

Repair work is also being undertaken in the New Delhi area with the installation of tree uplighters, and finishing touches being given to new fountains and sculptures at 13 locations. These locations include the marble lion installation at Samrat Hotel rotary, Ashoka Hotel T-point, and a series of fountains near Barakhamba Road, KG Marg, and the India Gate Hexagon, among other places

"These beautification drives

will also serve the Independence Day celebrations while some of the components, such as largescale greening using potted plants, will be put in place as the G20 meetings approach," an official said, requesting anonym-

NDMC roads under the G20 revamp plan include APJ Abdul Kalam Road, Shanti Path, Sardar Patel Marg, Teen Murti Marg, Tolstoy Marg, C-Hexagon, Man Singh Road, and Akbar Road.

NDMC vice-chairperson Satish Upadhyay said that around 3,000 trees and 2.8 million saplings have been planted to create lush green strips along major roads. "We have placed various sculptures including marble lions, polo horses, horse families, and Buddha statues at prominent locations such as Panchsheel Marg, Kamal Ata-turk Marg, Kautilya Marg, Rajaji Marg, Teen Murti Marg, Vinay Marg," said Upadhyay.

NDMC is also focusing on developing new water-based installations and fountains have been installed at Sher Shah Road, Zakir Hussain Marg, Pandara Road, Akbar Road, Connaught Place, KG Marg, Janpath, Sansad Marg, Teen Murti Marg, Rajaji Marg, Hyderabad House, Copernicus Marg, and Purana Olla Road.

As part of the beautification drive ahead of the upcoming G20 meetings in the city, civic agencies are undertaking various efforts including installation of designer fountains with sculptures and flower pots. RAJ K RAJ/HT PHOTOS

He added that various infrastructure upgrades on avenue roads are nearly 90% complete. "The installation of multicoloured LED lights, floodlights, underground power cables, and national flagpoles along Ranjeet Singh and Safdarjung flyovers has been successfully completed," he added.

A senior PWD official said that the re-carpeting work on roads around Pragati Maidan has been completed, and dense carpeting work is being undertaken at other locations including Africa Avenue, Bhikaji Cama Place, and Ring Road.

"In the coming days, urgent repair work will be undertaken by quick response teams at Mathura Road, Ashram to Modi Mill flyover, Andrews Ganj to AIIMS," the official added.

PWD has been asked to focus on 23 roads including Bhairon Marg, Zakir Hussain Marg, Lala Lajpat Rai Marg, Press Enclave Road in Saket, Vikas Marg, and Suraj Kund Road.

#### NDMC TO USE PUMPS FOR NO WATERLOGGING DURING MEET

#### Paras Singh

paras@hindustantimes.com

NEW DELHI: The New Delhi Municipal Council (NDMC) on Thursday shared a series of steps it has taken to prevent waterlogging in and around Lutyens' Delhi ahead of the G20 Summit to be held from September 9-10.

NDMC vice-chairperson Satish Upadhyay said that the coun-cil identified vulnerable areas and increased resources to tackle waterlogging at these spots. "More than 100 additional portable pumps have been placed in various locations including Lodhi Estate, Bharti Nagar, Golf Links, and Dayal Singh College. Control rooms and operational teams have been established to ensure the smooth functioning of these pumps, and fresh desilting work has been carried out in drains," he said.

The council identified five vulnerable points where waterlogging was rampant earlier in July - Africa Avenue, Baba Kharak Singh Marg, Panchkuian Road near Connaught Place, Purana Quila Road near Mathura Road, and Lodhi Estate. "At least 185horsepower pumps have been fixed in addition to the 56-horsepower portable pumps with operating staff round-the-clock to drain out the accumulated water from the local drain," an NDMC official said.

Parts of the New Delhi area were inundated last month with images of waterlogging at Connaught Place, Kartavya Path, and Janpath, being widely shared on social media websites. The July deluge also caused waterlogging in the residences of senior bureaucrats and judges in Lodhi Estate, Maharishi Raman Marg

and Max Mueller Marg. "The council has added portable electrical submersible pumps to pump out stagnated water directly into the manholes," the official added.
