DDA meets associations, various groups, professional bodies for MPD - 2041

Delhi Development Authority (DDA) in association with the National Institute of Urban Affairs (NIUA) is preparing the next Master Plan of Delhi 2041. As part of the planning process, a series of discussions and consultations were carried out with various stakeholders and civil society groups to seek their inputs towards driving the agenda of the Master Plan.

Meeting with residents, RWAs from urban and rural villages and market trader associations from special area (incl. walled city)

The meeting was held on 7th October 2020 with residents and RWAs from urban and rural villages in Delhi. Another meeting was held on 16th October 2020 with residents, RWAs and market trader associations from special area of Delhi (incl. walled city).

The objective of these meetings was to understand the issues faced by the aforesaid people and local bodies and discuss feasible planning solutions and suggestions for MPD 2041.

It was also urged that these forums be used for providing constructive feedback and discussing critical issues.

Meeting with residents and RWAs from jhuggi jhopri and slum settlement colonies

Meeting was held with residents and RWAs from Jhuggi Jhopri and Slum Resettlement Colonies of Delhi on 22.10.2020 online. Around 70 residents, RWA representatives and civil society leaders attended the meeting.

The participants were requested to share their suggestions towards improving built environment, housing and living conditions, access to social and physical infrastructure pertaining to their colonies. The main concern highlighted by most participants was regarding lack of proper water and sanitation facilities in their colonies.

A common concern expressed by participants was the need to allow for small scale work spaces within existing households and for mixing of uses. Other issues raised by the participants was the need to include crèches along with primary school facilities within all such colonies so that women can go for work and their children are in safe environment.

An overarching suggestion was the need to relook at current social infrastructure norms for JJ colonies and slum resettlement colonies. Many also raised the issue of lack of affordable travel options from their colonies towards work centres and requested more buses be scheduled connecting their colonies.

All the participants expressed readiness to cooperate with government agencies to improve their colonies and their interlinked infrastructure. They appreciated DDA's initiative to seek people's views and understand their issues at the stage of preparation of MPD 2041.

The DDA public portal is open for all residents of Delhi to share their views for the future of the city that will become part of a larger vision and strategy for MPD-2041.

Meeting with persons with disabilities

As a part of these public engagement series, meeting was held on 21st October 2020 with the Persons with Disabilities living in Delhi. CSOs working in the field of uplifting lives for Persons with disabilities like Ayushkama Foundation, Chronic Pain India, Astha Foundation, Svayam, Main Bhi Dilli campaign and others are supporting the facilitation of this engagement initiative.

Meeting with professionals and professional bodies

Professional bodies such as Indian Institute of Architects (IIA), Institute of Engineers India (IEI), Institute of Town Planners India (ITPI), Institute of Urban Designers India (IUDI), Indian Society of Landscape Architects (ISOLA) and

Institute of Urban Transport (IUT) are apex bodies focussed on nurturing and advancing the fields of design, engineering and planning of the built environment in India. The need to factor-in the viewpoints and suggestions of professionals is critical towards preparing an implementable master plan. This stakeholder engagement discussed the following broad points:

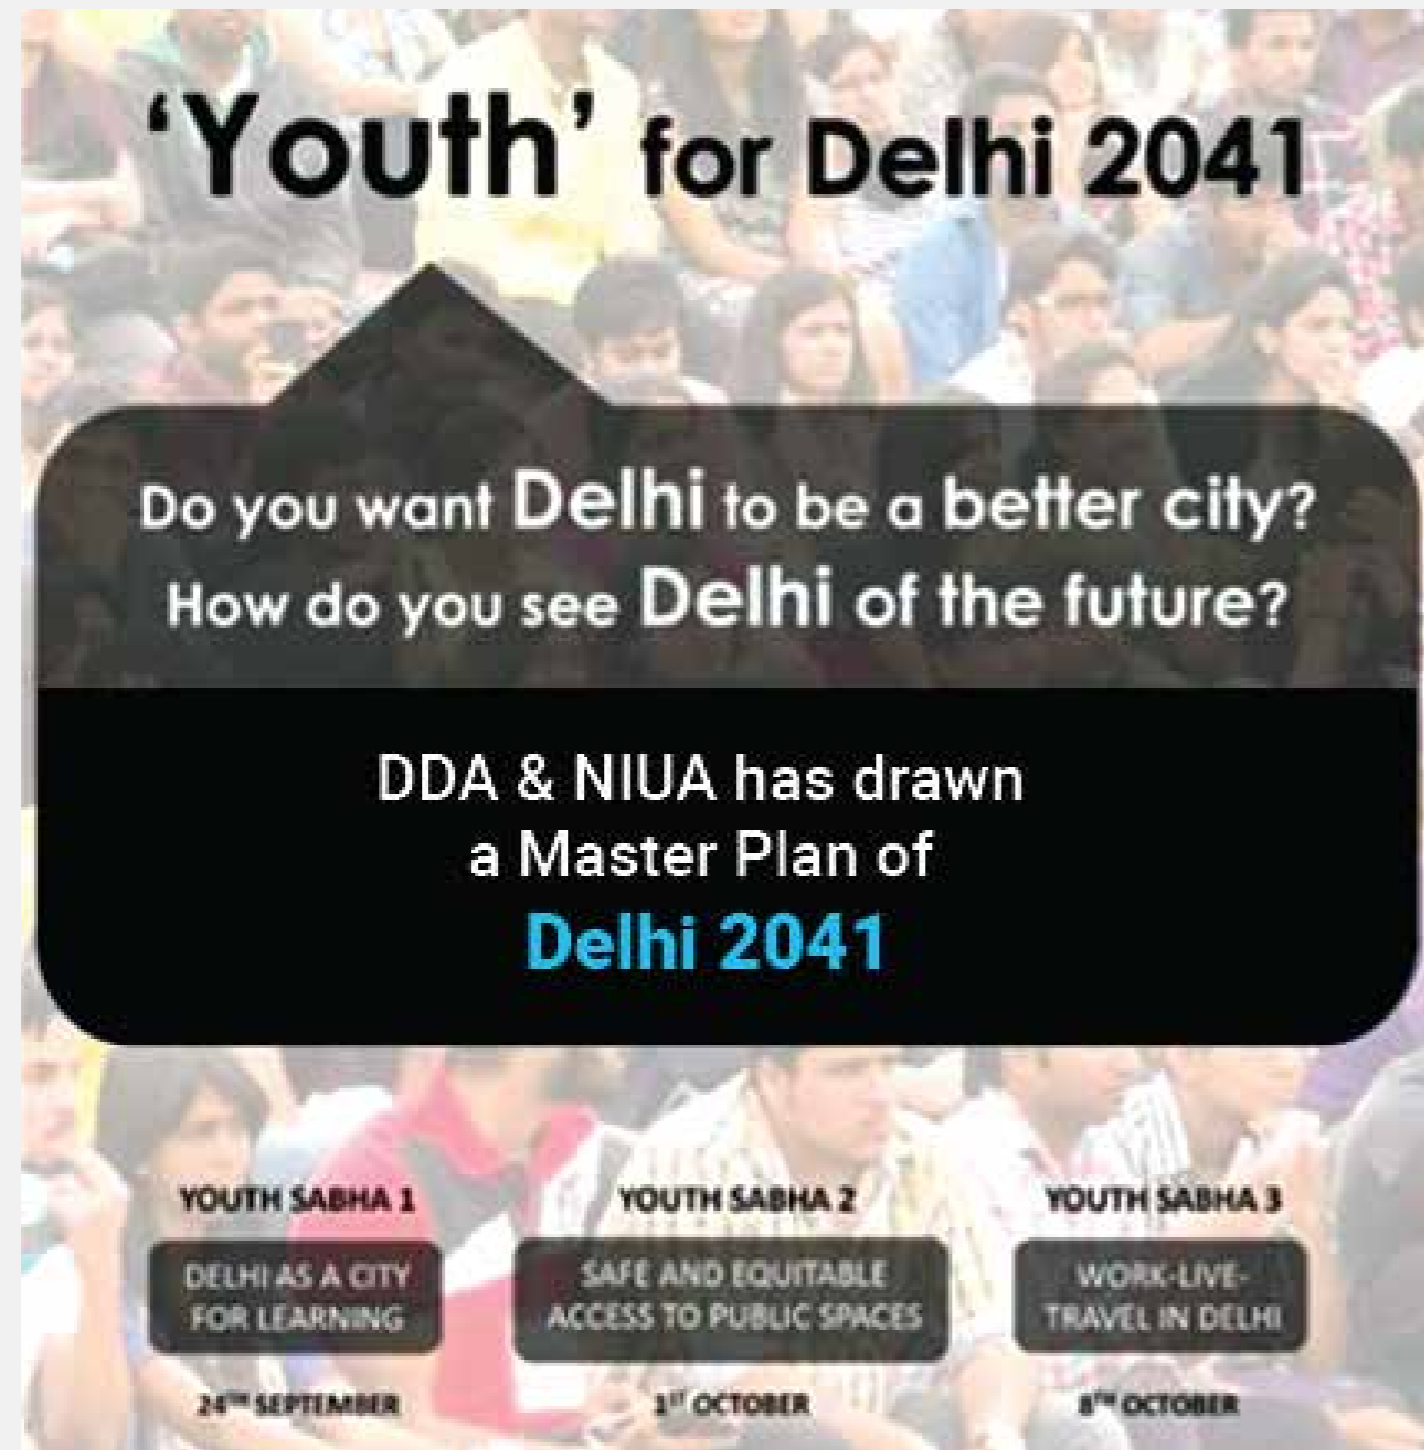

- Current issues and challenges with respect to the planning, design and management of the built/ unbuilt environment in Delhi.
- Feasible vision and approaches Delhi can adopt through the next master plan.
- On-ground implementation issues with existing development controls and building by-laws.

DDA in association with NIUA met the Professionals and professional groups (IIA, IEI, ITPI, IUDI, ISOLA & IUT etc.) based in Delhi/ NCR to attend this meeting. The meeting was held on 29th October 2020.

Visit the interactive public engagement online portal where suggestions can be given for formulation of vision for Delhi 2041. Link to the online portal is:
